Mare Care (Wet).....	\$20/day
Mare Care (Special Needs).....	\$25/day
Foaling Fee.....	\$300
Plasma/IgG.....	\$400

Breeding Services

\$350 per Cycle – One of our stallions. Includes; Ultrasounds, Collection, Insemination, and ovulation agent. (For TFIOF it includes ordering the semen instead of collection)

\$400 per Cycle – Outside stallion. Includes; Ultrasounds, Ordering semen, Insemination, returning semen container, and ovulation agent.

- An additional \$40 will apply if shipping back an equitainer instead of cardboard box.
- An additional \$100 if counter to counter as we will have to go to airport and pick up semen (usually late nights for shipments up here).

Pre breeding flushes, post breeding flushes (lavage), oxytocin, antibiotics if needed, regumate/p4 injections, sedation, caslick removal, staples, etc will be additional as well if needed.

Embryo Transfer

\$750 Enrollment fee per donor mare – this is to ensure your mare will have a recip mare for her during this season. First flush is included in this fee.

\$2,000 Pregnancy/Lease fee. This will be due when the recip mare checks safely in foal with a heartbeat at 30 days. The Transfer cost is included into this fee.

Additional flushes per mare would be \$400.

Recip board starts on day 31 at \$15/day. They can be picked up on day 30 after the pregnancy check.
